

**Starting immediately: new terms for the transport of shipments classified as UN3480 and UN3090.**

Lufthansa Cargo places the highest priority on the safe and careful transport of dangerous goods as cargo. We would like to inform you that Lufthansa Cargo will be changing its terms with regard to the transport of shipments containing lithium ion and lithium metal batteries effective immediately. The changes will affect dangerous goods shipments covered by UN3480 and UN3090. Shipments classified in these categories will not be accepted for transport.

These restrictions apply with immediate effect. Shipments already accepted will be transported as planned. However, the provision applies to confirmed bookings that have not yet been accepted for transport.

Restrictions for lithium batteries in detail:

**- UN 3480 lithium ion batteries prepared in accordance with Section IA/IB and II of Packing Instruction (PI) 965 and**

**UN 3090 lithium metal batteries prepared in accordance with Section IA/IB and II of Packing Instruction (PI) 968.**

Do you have any questions? Your local contact is happy to provide you with additional information.

For shipments containing FULLY REGULATED lithium batteries.

UN Nbr	PI	Section	Description	passenger aircraft	freighter aircraft	Special Handling Code
3480	965	IA+IB	Lithium ion batteries	x	x	--
3481	966	I	Lithium ion batteries packed with equipment	x	✓	CAO,DGR,RLI
	967		Lithium ion batteries contained in equipment	x	✓	
3090	968	IA+IB	Lithium metal batteries	x	x	--
3091	969	I	Lithium metal batteries packed with equipment	x	✓	CAO,DGR,RLM
	970		Lithium metal batteries contained in equipment	x	✓	

- x not accepted for carriage on Lufthansa Group passenger and freighter aircraft.
- ✓ only accepted for carriage on freighter aircraft.  
shipment must be booked, delivered and declared as "Cargo Aircraft Only" with packages bearing the CAO label.

For shipments containing EXCEPTED lithium batteries.
