By choosing to transport your cargo by air, you are choosing the fastest way of getting goods from A to B. Besides speed, Lufthansa Cargo has numerous other options for your cargo – meaning that valuables arrive well-guarded, zoo animals arrive relaxed, and temperature-sensitive goods reach their destination in a fresh state. Just choose the speed, the temperature and the level of security that you require, and adapt our transport solutions to meet your needs. The one thing that will always stay the same is our proven Lufthansa Cargo quality.
