Bulletin #119 November 2023

Affected area – Customs

HS code mandatory in Morocco

Since 2012, the Customs official letter No 5354/512 is requesting air carriers to provide HS codes (with 4 digits) in the summary declarations filed in accordance with the Customs Code. This requirement was again emphasized in a Customs official letter No 5959/312 in 2019 (enclosed, in French only).

It seems that several airlines are still not complying with this requirement. After several years of leniency, Moroccan Customs are now issuing fines to uncompliant carriers.

It is therefore reminded that Moroccan Customs expect air carriers to provide the 4-digit HS code for each shipment unloaded in Morocco and that penalties may result in case of non-compliance.

Detailed legislation from Moroccan the Customs Code can be found at <https://www.finances.gov.ma/Publication/adii/2022/cdii2022-fr.pdf> (in French only).
