

Enabling your global business

Marine

Logistics for the marine industry.

Arriving at all the important ports completely reliably, on time and at the highest speed: the demands that the marine industry places on logistics are very high – and diverse. Just like the quality of the solutions that we have specially customized to meet the needs of your industry. Regardless of whether you choose **td.Pro** for your basic needs, **td.Flash** for urgent spare parts, **Care** for dangerous goods or **Emergency.Solutions** for emergency shipments: our products allow you to easily ensure smooth regular operations, optimize your laytime and reduce downtime costs to a minimum.

Are you interested to see just what customized solutions for engine components, radio and control electronics, pumps, ventilators, cylinder heads, steering gear and security equipment can look like? Take a look at lufthansa-cargo.com/enablingglobalbusiness to see some of our customers' logistics highlights.

Precision landings to your schedule.
Flying is reliable.

When transporting spare parts and shipping equipment, it pays to use airfreight.

- Airfreight arrives reliably at the requested port within the **specified time frame**
- When delivering urgent spare parts, air transportation is **the fastest and least complicated option**
- **Short lead times** are not a problem

Punctuality by Lufthansa Cargo.
Flying provides real benefits.

You can count on your shipments arriving at the right port on schedule, which we ensure with a global route network, short lead times, flexible emergency solutions and more.

- **At your own pace:** regardless of whether you choose td.Pro for standard equipment, express shipping with td.Flash or Emergency.Solutions for urgent spare parts – your shipment will arrive right when you need it
- **All over the world:** a comprehensive network that includes all important ports
- **Just in case:** Care, our special product for dangerous goods, complies with the IATA Dangerous Goods Regulations
- **Transparent and predictable:** monitored processes ensure smooth operations for better predictability
- **Comprehensive documentation:** continuous shipment monitoring and password-protected shipment tracking in real time
- **For large items:** our Boeing 777F also allows for the transport of oversized cargo items up to 3 meters tall
- **Always available:** our shipping specialists are on hand at all strategic ports throughout the world and on our 24/7 Emergency.Solutions hotline

Service by pros, for pros.
Flying can be so simple.

If you value quality, competence and customized logistics solutions, then we are the right choice for you.

- **More speed:** the quickest connections to over 300 destinations in 100 countries worldwide, including direct transfers and further transport on the ground
- **The highest quality worldwide:** smooth transport – through proper handling, precise timing and efficient processes at all locations
- **Reliability and transparency:** getting your cargo to its destination safely and on time and tracking it worldwide – thanks to services that are available around the clock with comprehensive tracking options
- **Competence from experience:** always the best way – with nearly 100 years of airfreight expertise in a wide range of industries
- **The best advice:** a team of specialists is available 24/7 to help you with your questions and bookings and to provide quick problem-solving
